Moreover, here, you can find the latest and the professional projectors for sale. So, welcome here and you will be glad that you are here. Chromatographic analyses of amino acids in aqueous samples with a novel zwitterionic inorganic-organic hydrophilic liquid chromatographic column containing crown ether. A novel ion exchange column with an organic-inorganic mixed sorbent composed of the functionalized crown ether tris(8-quinolinolato)aluminium (III) (AQ3) and 5-tert-butylcalix[4]arene was synthesized and used for chromatographic analyses of amino acids in aqueous samples. The zwitterionic functional group, tetramethylammonium (TMA<sup>+</sup>) ion, forms a stable ion-pair with the amino group of the analytes; therefore, it is expected that excellent selectivity will be exhibited for amino acids in

## What's New in the?

The AirVideo-2000 is a Wireless Video Projector Server that attach to the Video projector / beamer VGA port directly. Then you can display the content of your PC on the projection screen wirelessly. The setup is extremely quick that you can make your notebook to work with the AirVideo-2000 without any CD or driver installation. Best of all, the AirVideo-2000 features real time Audio/Video streaming to let you play back video on the projector at smooth 60 frames per second speed.
